CEI Evaluation	05/27/2015	Activity Location:	NJ	By:	STATE	Identifier:	001	Person:	COMLE	Suborganization:	Found Violation:	NO
NOC Date:		Citizen Complaint:	NO	Multimedia Inspection:	YES	Sampling:	NO	Not Subtitle C:	NO	Day Zero:	05/27/2015	Focus Area:
Eval. Notes:	A CESQG Standard Compliance inspection was conducted for the above location. The previous RCRA inspection was conducted on 2/24/06 with no violations issued. Fantastic Plastics Inc (FP) is a small auto body/repair shop that services the local area. All mechanical jobs are contracted outside the shop. In the spray booth, latex paint is used and the guns are cleaned with a flocculants powder agent, which is non-hazardous according to the MSDS sheet and the flash point is >140 degree F (See Attachment - MSDS sheet). The flocculants agent cleaner is mixed with water in a small cup and the guns are cleaned out. The agent rises to the top of the water into a solid sludge cake (nonhaz & resembles black coal) and thrown into the regular trash. The rinsewater is reused in the process for other washing activates. Hazardous waste used to be generated from solvent-based solutions or lacquer thinner to clean out the guns and waste paint material from using acrylic urethane paints. FP no longer uses these materials that are hazardous and only uses the latex paints for the vehicles and water plus the flocculants agent for the gun cleaning. The gun waster unit is a water recycler (Dresler 1000); a non - hazardous material. The last waste shipment manifested out of the facility was in 2008 and previously in 2005. However, one 55-gallon SAC drum was noted in the event that they generate any hazardous waste. The drum was found empty at this time. The site is still under the category of generating CESQG levels of hazardous waste (<220 lbs/mth) and therefore; a CESQG inspection was conducted even though they are using non-hazardous material. Universal Waste (i.e. waste bulbs and electronic components) is generated on-site and disposed of as recyclable material. No stewardship was noted and no used oil and/or RMW are generated at this location. No violations noted.											

No Linked Violations

CEI Evaluation	02/24/2006	Activity Location:	NJ	By:	STATE	Identifier:	001	Person:	NOSDS	Suborganization:	N	Found Violation:	NO
	NOC Date:	Citizen Complaint:	NO	Multimedia Inspection:	NO	Sampling:	NO	Not Subtitle C:	NO	Day Zero:		Focus Area:	
	Eval. Notes:												

No Linked Violations

Note: Penalty information associated with an enforcement action is reported with the enforcement action. For enforcement actions associated with multiple violations, the penalty information will be reported with each violation, however, the penalty is only assessed once, regardless of the number of violations associated with the enforcement.
